## 🎓 EDUCATION

### Bachelor of Computer Engineering, Sandip Foundation

2021 – present | Nashik, India  
BE SGPA :- 9.25

### Higher Secondary Certificate (HSC), Saibaba Junior College

2019 – 2020 | Shirdi, India  
Percentage 56%

### Secondary School Certificate(SSC), Shri Sainath Madhyamik Vidyalaya

2018 – 2019 | Shirdi, India  
Percentage 80.40%

## 🧠 SKILLS

Java OOP DSA React . JS

Next . Js HTML5 CSS3

JavaScript Python MySQL

Git GitHub Bootstrap

GSAP Problem Solving

## 📜 CERTIFICATES

### React and Redux Course Completion Certificate :

Issued : 17 JANUARY 2025

## 💼 INTERNSHIP

### Web Development Internship, Weoto Technologies Private Limited, Nashik

June 2024 To Dec 2024

Technologies: **HTML5**, **CSS3**, **JavaScript**, **React . JS**, **Next . Js**

Project: -Pokedex Web Based Application.

## 📁 PROJECTS

### Pokédex Web Based Application🔗

I have experience developing Pokédex web-based reactjs app design to provide information about various Pokémon species. This app will be built using modern web technologies such as **React** for the user interface, **HTML5** and **CSS3** for styling, **JavaScript**, and **API integration** to fetch data from the **Pokémon API**.

### Web-based Weather Application🔗

In this project, we develop a Weather Forecast web Application using **JavaScript** with **HTML** and **CSS**. This project uses the **Weather API** to show the weather conditions of the atmosphere for a given location.

### Shop Mart Web Based Application

In this project, I have experience developing Shopping Mall web-based reactjs app where user can view products based on different categories. This app will be built using modern web technologies such as **Next.js** for the user interface, **HTML5** and **CSS3** for styling, **JavaScript**, and **API integration**.
